#### **Digest:**

13.6, exhibit 01 – Sets out the revised Pay Plan for Emergency Workers (Casuals) effective March 23, 2006. This 2006 pay plan makes the following changes from the plan previously in effect for 2005:

1. Clarifies that the NWCG IBPWT facilitates establishment of rates and position review for casual positions on an annual basis (B).
2. Adds that changes to the pay plan may be proposed by any agency for a variety of reasons, i.e., new law or regulation, clarification of meaning, establishment of new positions (B).
3. Adds that pay plan changes are normally requested and addressed in the first quarter of the fiscal year (B).

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK  
CHAPTER 10 - PERSONNEL**

**Digest--Continued:**

4. Adds classification process (B).
5. Clarifies that if the casual is assigned to a different position qualification, the adjusted pay rate will be based on the original point of hire (B2).
6. Clarifies Buying Team Leader and Fire Investigators are key positions and may be filled only by current agency employees (B4).
7. Clarifies that training in most cases should not exceed a total of 80 hours per calendar year, regardless of hiring agency (D6).
8. Clarifies that personnel hired to instruct emergency incident training are not to exceed 120 hours including travel per calendar year, regardless of agency (D7).
9. Adds that casuels are required to complete agency specific health and medical screening requirements for certain positions prior to being hired (E4).
10. Clarifies that casuels hired in positions that require special certification or license must meet the requirements of the hiring agency and the State where the incident is located (E5).
11. Clarifies that the I-9 form is now called the Department of Homeland Security (DHS) Form I-9 (E6).
12. Adds that the point of hire is defined as the location of the unit where hiring documentation is completed or other locations as determined by the hiring unit (E10).
13. Clarifies that if a casual is fired or quits without an acceptable reason before the emergency is over, pay will be stopped at that time. A government official may decide whether or not the Government will provide return transportation and if the casual will be paid for travel time back to the point of hire (E11).
14. Adds that positions listed in the Incident Position Matrix which are found in the Wildland Fire Qualifications System Guide (PMS 310-1) are designated with an asterisk in the 310-1 column. Individuals must possess a current agency issued incident qualifications card (Red Card) showing specific qualification for the position in which they are hired (F.2).
15. Adds "Exception Positions" with classification guidelines. Allows the appropriate hiring official to establish an exception position if none of the positions listed in the Incident Position Matrix fit the scope of duties for a needed position. Requires that a description of duties must accompany the Single Resource Casual Hire form for audit purposes.

**PLAN FOR EMERGENCY WORKERS (CASUALS)**

**A. PREAMBLE.** Pursuant to 5 U.S.C. 5102(c)(19), 7 U.S.C. 2225 and 2226, 16 U.S.C. 554e and 43 U.S.C. 1469, there is hereby established, effective March 23, 2006, the following Administratively Determined (AD) Pay Plan, which replaces and supersedes previously approved plans. In the event there is an emergency in progress on the effective date of this pay plan, the emergency workers (casuals) on that emergency shall be paid under the provisions of the AD pay plan in effect at the start of the emergency. This pay plan applies wherever and whenever it becomes necessary to hire persons:

1. To cope with a sudden and unexpected emergency caused by a fire, or extreme fire potential, flood, storm, or any other emergency that threatens damage to federally protected property unless brought under immediate control.

2. To provide emergency assistance to State Foresters under formalized cooperative agreements (see paragraph D).

3. To meet mission assignments issued by the Federal Emergency Management Agency (FEMA).

Such hiring is of uncertain or purely temporary duration, and shall be terminated when other employment methods can be initiated. This plan can be used for suppression operations and suppression for resource benefit.

This pay plan is complete within itself. Therefore, for any hiring under this plan, the provisions herein take precedence over any other policies or regulations that may be prescribed elsewhere.

**B. RATES OF PAY.** The National Wildfire Coordinating Group (NWCG) Incident Business Practices Working Team (IBPWT) facilitates establishment of rates and position review for casual positions on an annual basis. Geographic Area Coordinating Groups (or designated agency representatives) may request rates for positions not published in this pay plan.

Changes to the pay plan may be proposed by any agency for a variety of reasons, i.e., new law or regulation, clarification of meaning, establishment of new positions. The agency hiring official will submit, through normal agency channels, pay plan change recommendations to the IBPWT. Pay plan changes are normally requested and addressed in the first quarter of the fiscal year.

1. Rates per hour for AD-A through AD-L

Classification	48 Contiguous States	Alaska	Hawaii
A	10.68	12.36	11.60
B	11.72	13.64	12.88
C	13.00	16.60*	14.84*
D	14.40	18.24*	16.28*
E	15.80	18.60	17.84
F	17.28	20.44*	19.64
G	21.00*	22.28	21.48
H	24.00*	26.40	28.80
I	24.52*	29.16	28.48
J	25.72	32.12	31.36
K	28.24	35.28	34.44
L	33.84	42.32	41.28

\*Rates in these pay bands are frozen at the 2005 AD Pay Plan level. These rates will remain frozen until the formula calculation aligns with the annual cost of living adjustments.

2. If the casual is assigned to a different position qualification (as documented on the Crew Time Report, SF-261), adjust the pay rate to the appropriate rate for that position and document in the Remarks block of Form OF-288. The adjusted pay rate will be based on the original point of hire.

3. The rate will be established at the point of hire and documented on the OF-288 or the Single Resource Casual Hire Information Form. The rate established at the point of hire will remain in effect regardless of the location of the incident.

4. The Area Commander, Type 1 or Type 2 Incident Commander, Type 1 or Type 2 Deputy Incident Commander, Security Specialist Level 1 or Level 2, Fire Investigator, and Buying Team Leader are key positions and may be filled only by current agency employees.

**C. DESCRIPTION OF AREAS TO WHICH RATES ARE APPLICABLE.**

1. The 48 contiguous States and the following areas and jurisdictions:

Caroline Islands	Virgin Islands
Guam	Puerto Rico
Mariana Islands	Other Caribbean Islands
Marshall Islands	
American Samoa	
Other Pacific Islands	

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK  
CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

2. Alaska (Statewide).

3. Hawaii (Statewide).

**D. REQUIRED SITUATIONS FOR HIRE.** Hiring of emergency personnel may be made according to the provisions of this pay plan when any of the following situations exists:

1. To fight an ongoing fire.

2. To hire personnel during unusually dry periods or when fire danger is very high to extreme (Preparedness Level 4 or 5), or when fuel or weather conditions are such that fires can readily ignite, spread rapidly, and do substantial damage, and when risks of fire occurrence are high (for example, severity authority, prevention team activation). Examples of high risks occur when the preceding conditions exist and when:

a. Unusual lightning activity is present or is predicted;

b. Incendiary outbreaks occur; or

c. An unusually large number of people are in the area (opening day of hunting season, fishing season, 4th of July, or Labor Day weekend, for example).

3. To provide support to an ongoing incident, including post-incident administration (for example, dispatch, warehouse/cache workers, payment team members, administrative support and reviews). Post-incident administration normally should not exceed 90 days.

4. To place additional firefighters on standby for expected dispatch somewhere in the area.

5. To temporarily replace members of fire suppression crews or fire management personnel who are currently on fires.

6. To allow personnel to attend emergency incident training in preparation for emergency incident situations. In most cases this should not exceed a total of 80 hours per calendar year, regardless of hiring agency. This authority cannot be used to circumvent other hiring authorities such as temporary 1039 appointments or career seasonal appointments. The 80 hour limit includes but is not limited to:

a. Required annual refresher courses.

b. Travel to and from the training.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK  
CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

7. To allow personnel to instruct emergency incident training when all other methods of hiring and contracting instructors have been exhausted; not to exceed a total of 120 hours including travel per calendar year, regardless of hiring agency, for a qualified individual to prepare, instruct, and issue certificates for required courses for emergency incident situations as noted in paragraph 6.

8. To cope with floods, storms, or any other emergency that threatens damage to federally protected property unless brought under immediate control.

9. To carry out emergency stabilization work where there is an immediate danger of loss of life or property or when prompt remedial action is essential before potentially damaging climatic events occur.

10. During a transition period, not to exceed 90 days, following a natural emergency to develop plans and manage an emergency stabilization effort until regular employees can handle the situation or until other employment methods can be initiated.

11. To meet mission assignments issued by the Federal Emergency Management Agency (FEMA).

**E. CONDITIONS OF HIRE.**

1. This pay plan applies only to those casual hires that are recruited for the sole purpose of dealing with an immediate fire emergency, extreme fire potential, or other emergency.

2. Under no conditions may active members of the Armed Forces be hired.

3. Federal retirees may be hired under this plan without a reduction in annuity (Comp. Gen. B-139682, June 19, 1959).

4. Casuals hired under this plan must meet minimum physical fitness standards and security and training requirements as established by agency policy. Hiring units shall use the Single Resource Casual Hire Information Form, per agency policy. In addition, casuals are required to complete agency specific health and medical screening requirements for certain positions prior to being hired.

5. Casuals in positions that require special certification or license (emergency medical technicians, drivers, instructors, and so forth) must meet the requirements of the hiring agency and of the State where the incident is located.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK  
CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

6. The Immigration Reform and Control Act of 1986 (8 U.S.C. 1324A) requires employers to hire only individuals who are eligible to work in the United States. This law also requires that the Department of Homeland Security (DHS) Form I-9 be completed within 3 business days of the appointment. Those units who establish and train organized crews should complete DHS Form I-9 as soon as crews are organized to eliminate the need for verification at incidents. The appropriately delegated position on the hiring unit or the designee is responsible for verifying the eligibility of any casuals hired.

7. The Agency Administrator or designee has the final authority to accept or reject any person hired under this plan.

8. To work under this plan requires a social security number for United States citizens or an individual taxpayer identification number for non-United States citizens. Casuals shall be furnished a notice of mandatory social security number disclosure at the time of hire.

9. The salary rate shown for each classification is the rate per hour to be paid for all the service required of the casual hire. Premium compensation shall not be paid for service in excess of 8 hours per day or 40 hours per week or for night, Sunday, or holiday work (7 U.S.C. 2226).

10. The hiring period begins at the point of hire and the time an individual is available for hire at the request of an agency representative. It ends at the time the casual hire is returned to the point of hire or is no longer available. Point of hire is defined as the location of the unit where hiring documentation is completed or other locations as determined by the hiring unit.

a. All hours worked under this pay plan must be recorded as either on-shift or off-shift. All on-shift time is compensable; all off-shift time is non-compensable.

b. On-shift includes time spent in travel from and return to the point of hire and related waiting time; other travel necessary for the performance of work, such as from fire camp to fire line or between fire camps; ordered standby; and actual work. (See Interagency Incident Business Management Handbook (IIBMH), Chapter 10.)

c. Off-shift includes:

(1) Time allowed for sleeping and eating when personnel are free from assigned duty and

(2) Other periods when personnel are free from duty and are not in an ordered standby status. Ordered standby occurs when, at the direction of the agency representative, a casual is held in a specific location fully outfitted and ready for immediate assignment.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK**  
**CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

d. Casuals working away from the point of hire must be given enough on-shift time (travel, ordered standby, and actual work) to total 8 compensable hours for that calendar day. This 8-hour guarantee does not apply to the first and last day of work.

e. Casuals assigned to an incident at their point of hire are not entitled to guaranteed hours on days off. This is considered off-shift time and is non-compensable. Casuals working at the point of hire are not guaranteed 8 hours each calendar day.

f. The minimum compensable time allowance for each work period is 2 hours. Thereafter, compute time in multiples of 15 minutes.

g. Casuals who deviate from the normal travel route home are considered “no longer available” and are not entitled to travel time home nor to transportation provided by the Government from the point the travel deviation occurs. The travel deviation must be documented and attached to the casual’s original time record (Form OF-288) for use by the payment unit. This documentation shall also be made a part of the incident record.

11. All transportation required from point of hire until return to point of hire shall be at Government expense, except as stated in 10(g) above. If a casual is fired or quits without an acceptable reason before the emergency is over, pay will be stopped at that time. A government official may decide whether or not the Government will provide return transportation and if the casual will be paid for travel time back to the point of hire.

12. Meal periods during which a casual is free of duty in connection with an assigned job are not considered compensable work time. In situations where a casual cannot be relieved from work and must remain at the post of duty, count a meal period as time worked for which compensation shall be allowed. Compensable meal breaks shall be documented on Crew Time Reports (Form SF-261). (See IIBMH, Chapter 10.)

13. When casuals do not receive adequate food or lodging, they shall be in pay status the entire time they are working, sleeping, or eating. Adequate food is defined as: meals ready to eat, sack lunches, military type rations, and hot can or similar meals. Adequate lodging is described as: a sleeping bag (paper or cloth) or a blanket or equivalent covering to provide protection from the elements for sleeping.

14. Whenever deemed practical and necessary by the agency representative, furnish subsistence and lodging at Government expense for casuals under this plan. If the Government cannot provide subsistence for a casual, reimbursement should be made through the agency travel process, following current Agency Travel Regulations. The hiring agency/unit is responsible to issue authorization to travel and to process claims for travel expense reimbursement.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK**  
**CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

15. Casuals under this pay plan are not entitled to earn or to be granted annual or sick leave, or to be covered under the Federal Employees' Group Life Insurance Act (5 U.S.C. 87), Civil Service Retirement Act (5 U.S.C. 83), Federal Employees' Retirement System (5 U.S.C. 84), Federal Insurance Contributions Act (26 U.S.C. 3121(b) (6) (C)), or the Federal Employees' Health Benefits Act (5 U.S.C. 89). However, the Federal Employees' Compensation Act (5 U.S.C. 81) does cover casuals.

Under the provisions of 5 U.S.C. 8501, Federal agencies do not report wages earned to State offices for unemployment compensation purposes. The services performed by an individual on a temporary basis in case of fire, storm, earthquake, flood, or similar emergency are not considered as performing Federal service for the purpose of reporting wages for unemployment compensation benefits. Casuals may furnish statements of earnings to State Unemployment Offices on their own behalf.

16. Federal and State taxes shall be withheld from salary payments. Each casual shall present IRS Form W-4 and W-5, if applicable, at the time of initial hire. If the casual fails to submit a W-4, taxes shall be withheld at the single with no exemption rate. IRS Form W-2 shall be issued to the casual at the end of the year in which reported wages are earned. State taxes shall be withheld for the State, in which the casual is hired, unless the casual requests withholding for another State and submits the appropriate State forms.

17. Casuals under this pay plan cannot supervise, hire, order, or recommend payments that in any way affect a company or contractor that the casual has ownership or employment with, or perform any other financial responsibilities to, or for, the company or contractor on an incident. If such working conditions exist on an incident or other workplace, the casual must immediately disclose their relationship with the company or contractor to the Agency Administrator, Incident Business Advisor (IBA), or Finance/Administration Section Chief for immediate action.

18. Hiring units shall adhere to agency specific policy on the hiring of relatives as casuals.

**F. POSITION CLASSIFICATIONS.**

1. Rates are determined according to the job performed. Lengths of service and/or additional qualifications are not used to determine pay rate. Occasional or infrequent duties at a higher level do not justify a change in the pay rate.

2. Positions listed in the Incident Position Matrix which are found in the Wildland Fire Qualification System Guide (PMS 310-1) are designated with an asterisk in the 310-1 column. Individuals must possess a current agency issued incident qualification card (Red Card) showing specific qualification for the position in which they are hired.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK**  
**CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

3. When casuals work as trainees, they shall be paid one AD rate lower than the full performance AD rate. For example: a fire line squad boss trainee would be paid at the AD-C rate.

4. When casuals attend emergency incident training to qualify for another position they shall be paid one AD rate lower than the full performance rate.

5. When casuals attend refresher training, they shall be paid at their current position qualification rate.

6. The following Incident Position Matrix outlines the national standard rates prescribed for positions commonly utilized in the Incident Command System structure.

7. Exception Positions. If none of the positions listed in the Incident Positions Matrix fit the scope of duties for a position needed AND the scope of a current emergency warrants, an Exception Position could be established at the AD-A, AD-B, AD-F, AD-I and AD-K levels at the local unit by an appropriately delegated hiring official. A brief description of duties must accompany the Single resource Casual Hire form for audit purposes. The classifications below should be used as guidelines when determining at what level a new position may be established:

(a) AD-A (Exception Position 1): Positions within this level require no specialized skills or training. Performs simple routine, repetitive work tasks under close supervision or following step by step instructions; follows oral or written specific instructions.

(b) AD-B (Exception Position 2): Positions within this level require minimal skills or training. Routine assignments are carried out independently. Oral or written assignments are given with general information on quality, quantity and timeframe expectations.

(c) AD-F (Exception Position 3): Positions within this level require skills acquired through specific job training or experience. Work is performed independently. Interprets instructions, plans work, leads or supervises casuals at the next lower level.

(d) AD-I (Exception Position 4): Positions within this level require skills acquired through specific job training, technical education or experience and require the ability to apply or use specialized, complicated techniques or equipment. Instructs others in the requirements of the job, plans work or supervises casuals at the next lower level. Requires independent judgment and decision making. Assignments and most problem resolution are completed independently.

**FSH 5109.34 – INTERAGENCY INCIDENT BUSINESS MANAGEMENT HANDBOOK  
CHAPTER 10 - PERSONNEL**

**13.6 – Exhibit 01--Continued**

(e) AD-K (Exception Position 5): Positions within this level require expert knowledge and very high skill level in applying a wide range of concepts, principles and practices associated with professional or administrative work. Most often positions at this level are commensurate with knowledge gained from successful completion of ICS courses 400 level and above, qualifications at the Type 1 or 2 level, or “ologist” positions that require higher level education or certification. May supervise other professionals or a group of technical specialists.

<b>Level</b>	<b>48 Contiguous States</b>	<b>Alaska</b>	<b>Hawaii</b>
<b>AD-A</b> Exception Position 1	10.68	12.36	11.60

<b>AD-I</b> Exception Position 4	24.52	29.16	28.48
<b>AD-K</b> Exception Position 5	28.24	35.28	34.44

\*For payment purposes, when completing the OF-288 (Firefighter Time Record) the position code will be recorded as a “THSP” (example: THSP – Exception Position 3)
